

SUMMER 2020

8. Restart!

There is something amazing: even if we are potential carriers of virus, not only of Covid but also the virus of distrust, there is Someone who takes care of us. Made strong by this, we can look ahead with trust, desiring to live reality intensely, starting from our summers, taking place this year in such an unprecedented manner. **What do you seek in your holidays? In what way has the journey of recent months suggested criteria by which to decide how to spend your free time?**

We suggest working on the conclusion of the [Notes from the GS Raggio](#) (pages 9-11) via video link with Julián Carrón and Francesco Barberis. We should re-read the text, consider our experience, and let ourselves be challenged by these questions.
